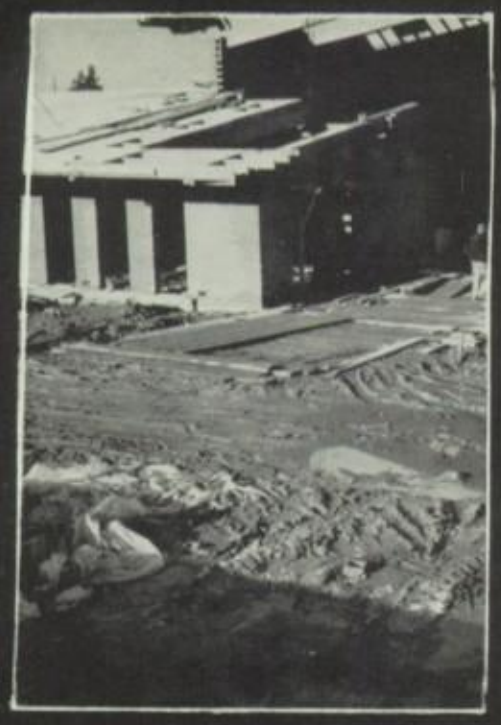
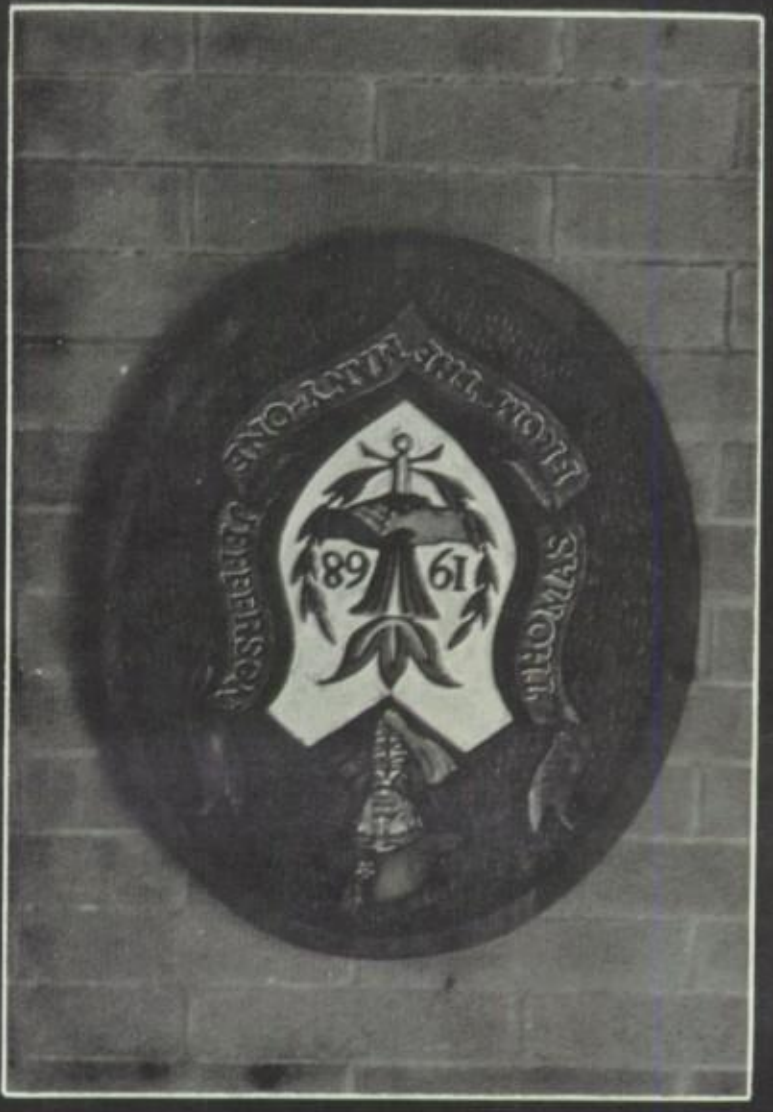
# DECLARATION 1969-70

## Thomas Jefferson High School
## Federal Way, Washington





It is neither wealth, nor splendor, but serenity and occupation which give happiness.
Thomas Jefferson

# "LET US BEGIN. . ."

"Welcome to Thomas Jefferson High School. We have gathered here this morning for our first school assembly of what will be a long and fruitful history for the high school called Thomas Jefferson.

"Since last September, your principal, and teachers, and student leaders alike, have been constantly picking at you about your unique position as the first class in a new high school and the grand opportunity you have to do great things. Instead, at times, it seemed that being first meant that you had the poorest classrooms, never got lunch until the middle of the afternoon, always got yelled at for being too noisey, and worst of all, had to attend class until a quarter to four, when everyone else got out at one-thirty. At times it was difficult indeed to see the glory in being the first. Perhaps there was more in being last.

"Our memories play tricks though. As you move into Jefferson, and then as the years go by, you will begin to replace the feeling that you sometimes had of being the poor relations of the school district, with memories that began last Saturday with your first school auction, or today and your first Inaugural Assembly, or your first football game as the Jefferson Raiders, the new school annual, and all the future school plays and programs.

"With this assembly today you will write a new page in the history of Thomas Jefferson, you the class of 1970 LET US BEGIN!"

POWER HOUSE

Despite the problems, Mr. Don Fowler, principal, was thoroughly pleased with Jefferson's accomplishments.

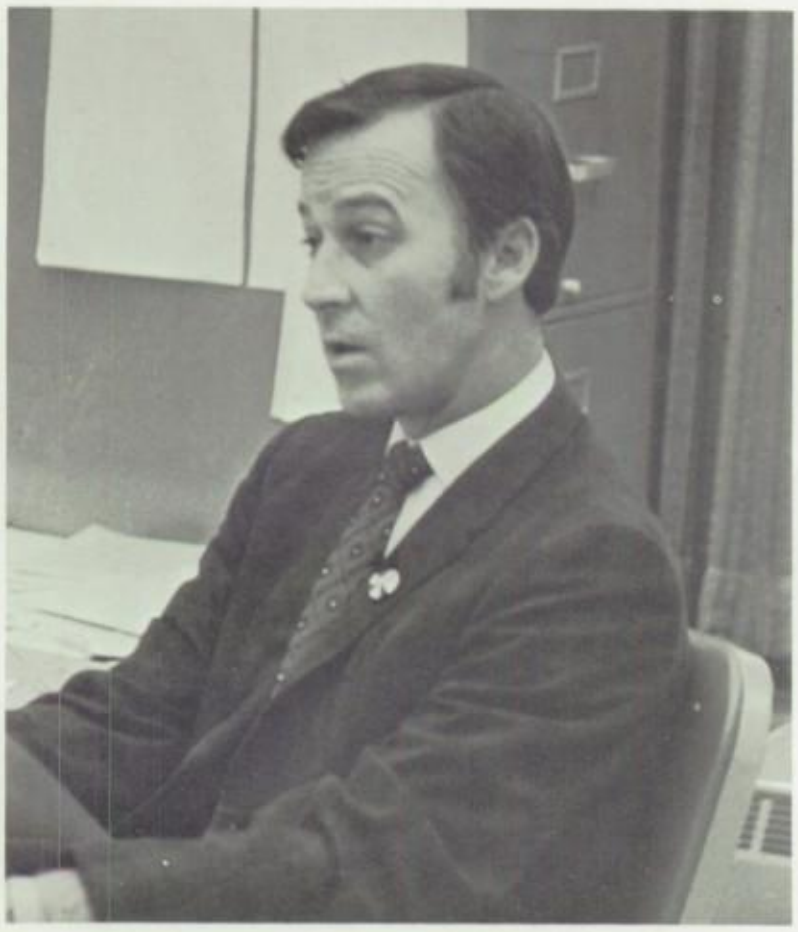
Vice Principle Ted Hagen had a hand in all of our disciplinary matters.

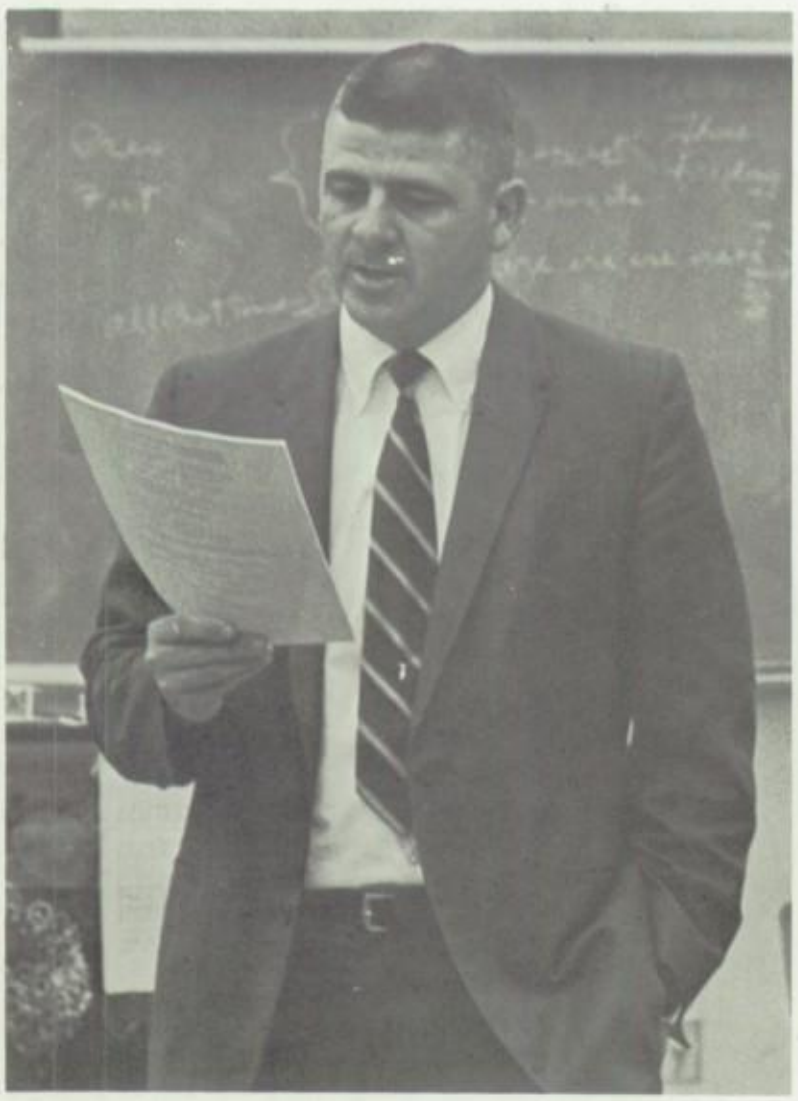
The elusive activities coordinator, Mr. Bob Nelson, pondered a new idea, while wondering what happened to the last.

# OUR HEADS

**TOP,** a new import from Federal Way, Mr. Gale Ingraham, supported equal opportunities, which included his sophs.

**BOTTOM,** Mr. Terry O'Donnell balanced a schedule of teaching, coaching, and counselling seniors about their future.





Difficult as it was, Mrs. Sandra Stonebreaker stood by the class of seventy for the full three years.

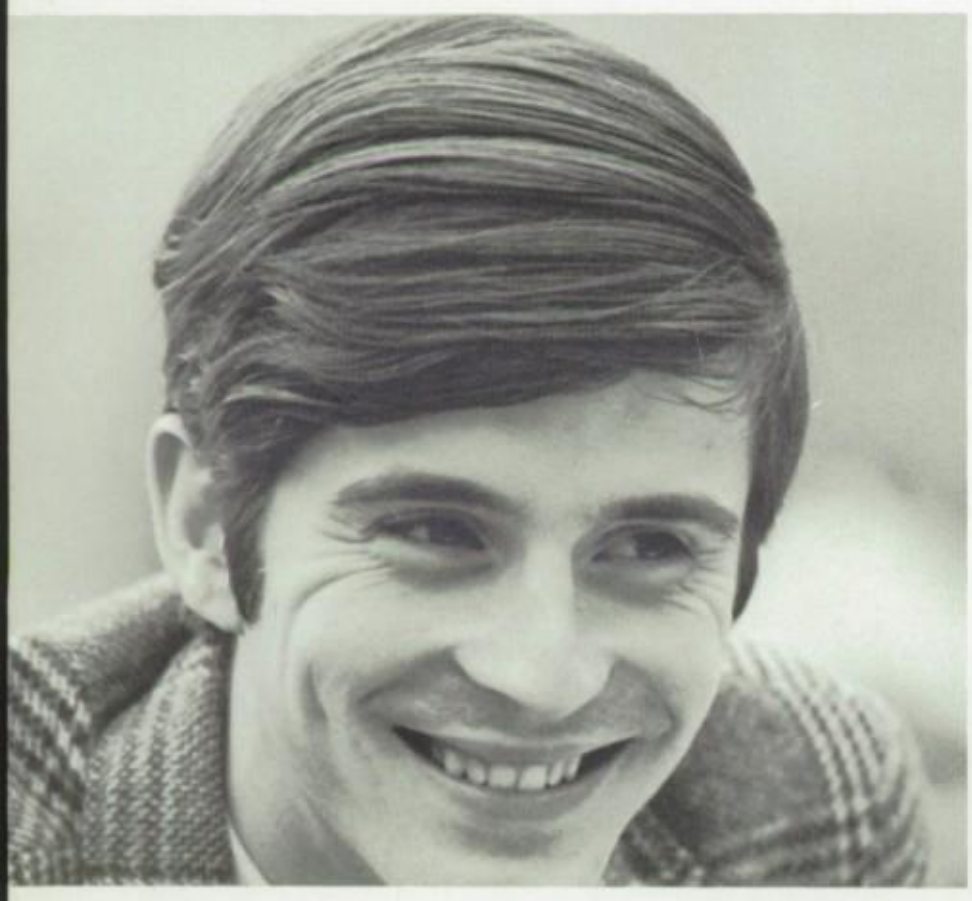
Mr. Turner Kuhn, minus his ice cream cone, counselled the Junior class.

Assured that she had her Mass Media class's "undivided attention," Miss Joan D'Andrea read poetry.

Jefferson's debate coach, Mrs. Carol Coe, taught speech classes.

As an English teacher, Mrs. Loraine Donegian spent many hours in the library.

Taking a leave of absence from his sophomore English classes, Mr. John Issacson returned to his drama class.

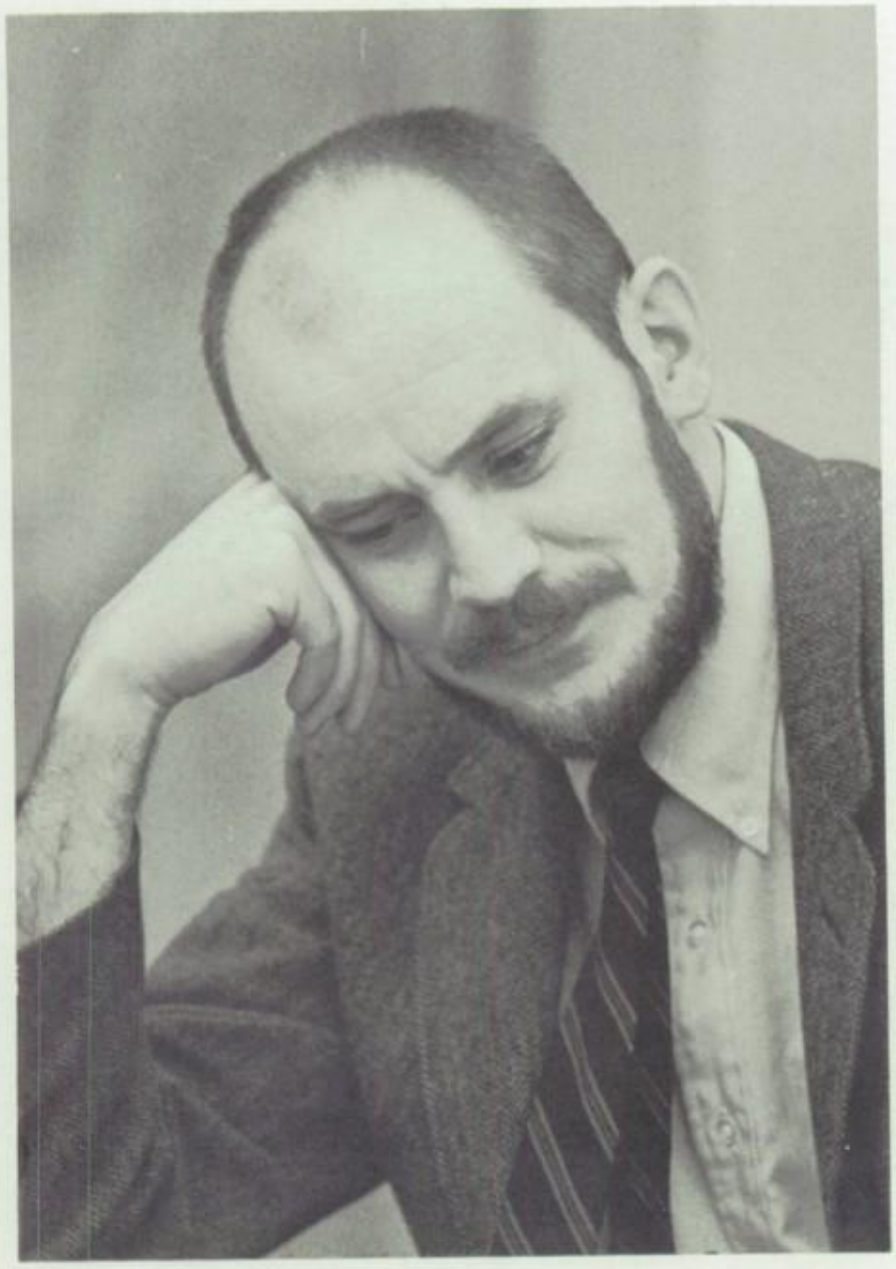


Mrs. Emma Hanson was a full-time reading teacher.

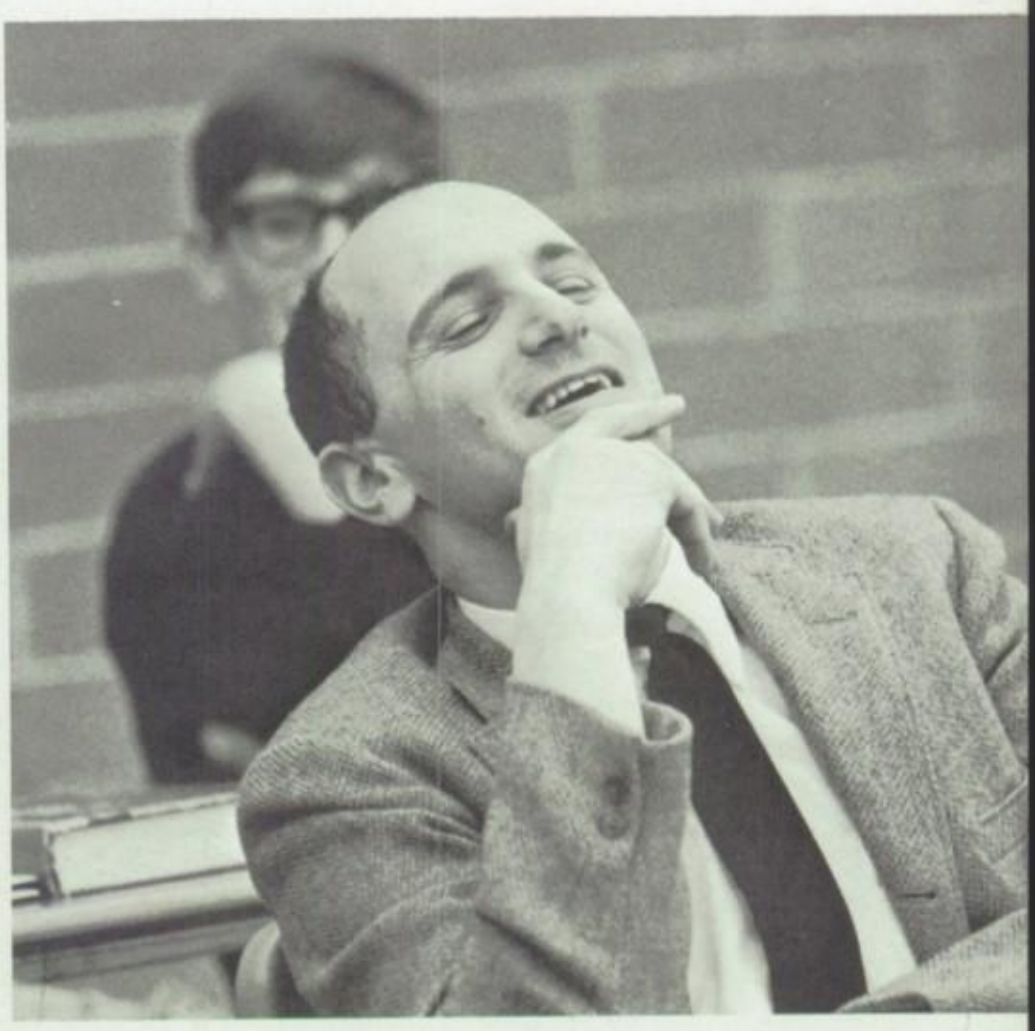
# TAKE A MIND EXCURSION

Furthering her students' creative ability was Mrs. Faith Yates, who taught creative writing and literature.

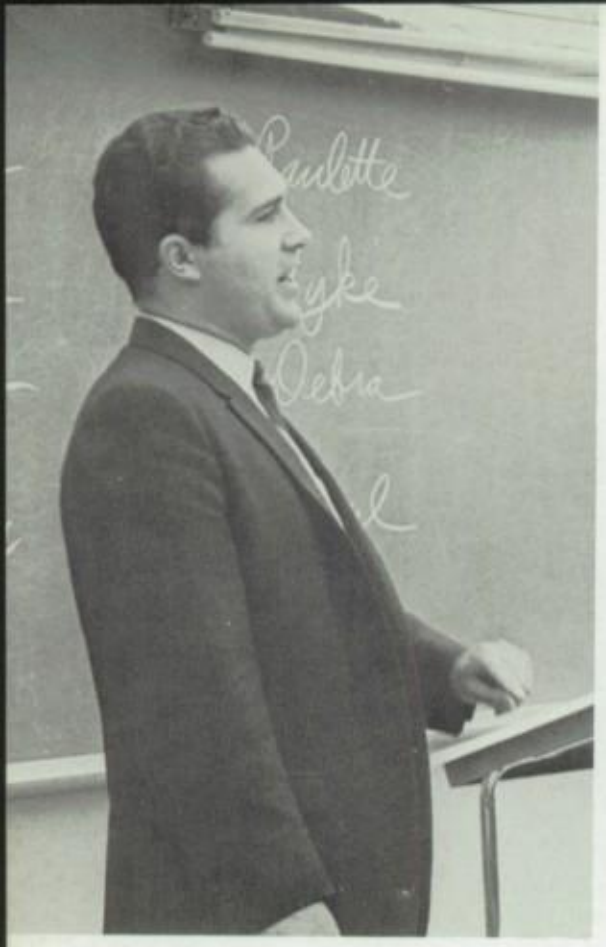
"Need help in English? Give us a ring!" Mr. Edward Ring taught the new subjects in the English department.



Mr. Goerge Meshke's English and drama students discovered the meanings of both physical and mental work.



Mr. Robert Kohn was a sophomore English teacher.



"Of course you'll be at the football game." Mr. Christiansen fit a hint in his U.S. history lecture.

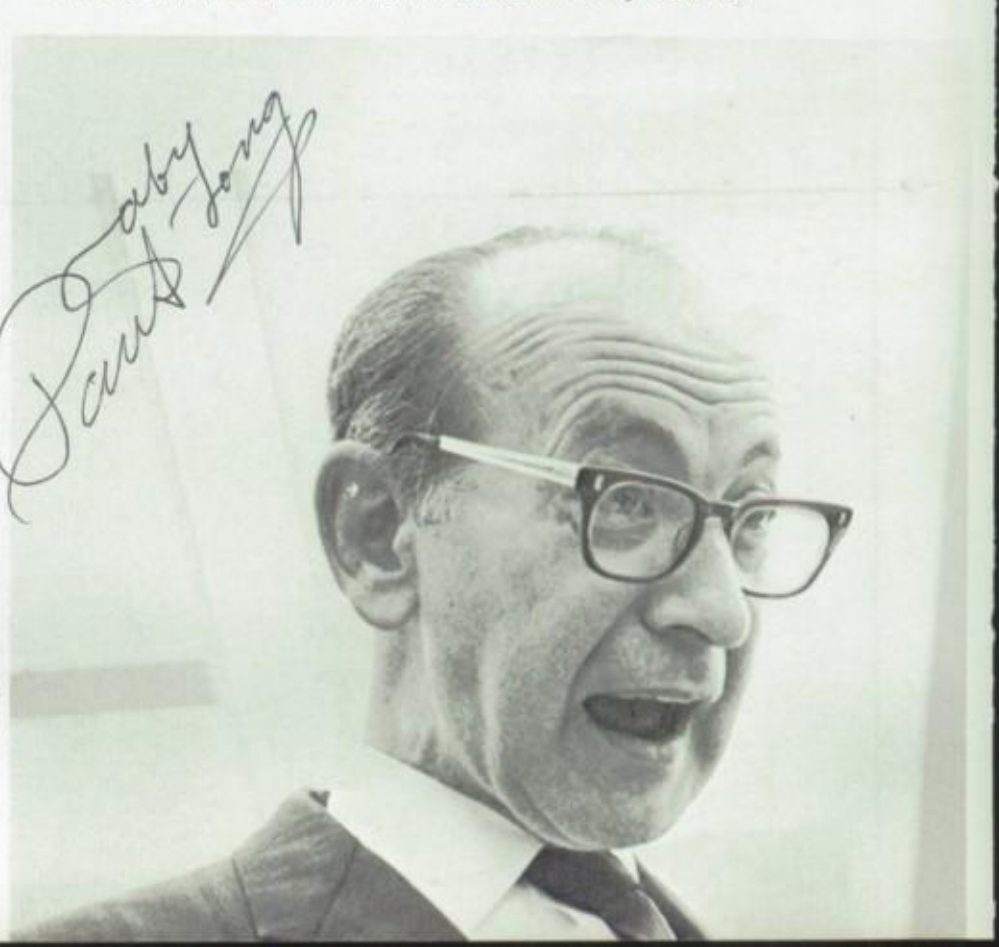
Teaching history in hopes of avoiding past mistakes in the future was Mrs. Bernadette Hart.

Mr. Wilson Gay directed his history classes over a neatly arranged desk.

Mrs. Gwen Dewey patiently took time to explain conditioned response to her psychology class.

Study hall supervision time followed the lecture in Mr. Duane Hammill's world history class.

"The British are coming!" namely Mr. Paul Fabry-Long, South American, World, British, and Russian history teacher.

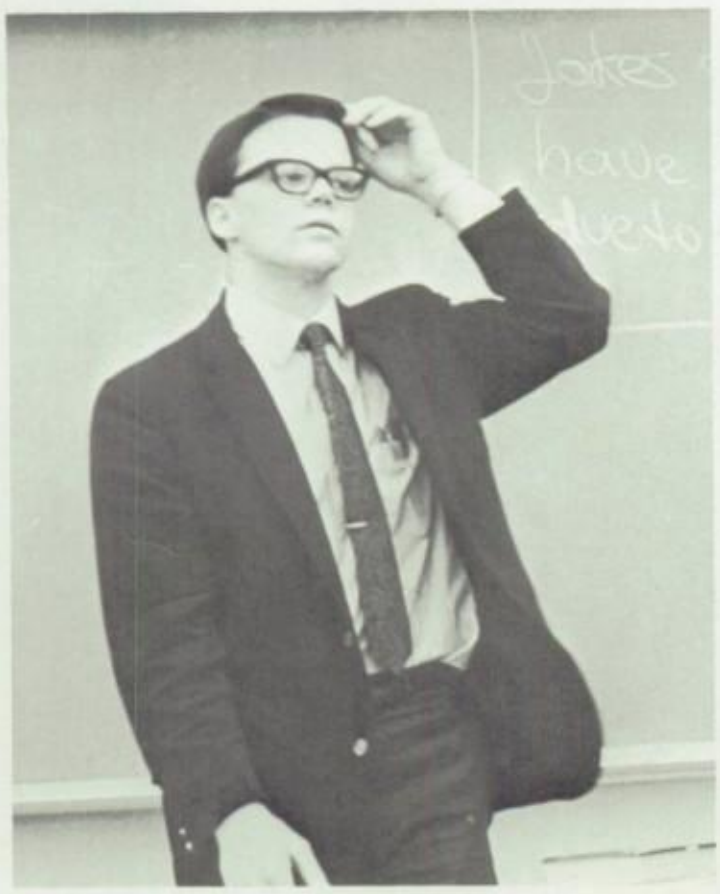


# HISTORY IS MORE THAN JUST OLD STUFF

Sunshine City heard godly words of wisdom from Mrs. Uranda Wisdom, health and sociology teacher.

World History classes were taught by Mr. Gary Kinch

Equiped with a new bag of tricks, Mr. Lewis Hatfield returned to teaching, spending most of his time in the history department.



"Think history; time for 'quizzos'," was Mr. Larry Kennedy's inspiration for his U.S. History classes.

Caught in the act by a capable letterman was Mr. Joe Pope typing teacher.

Teaching typing and business English was Mrs. Vicky Para.

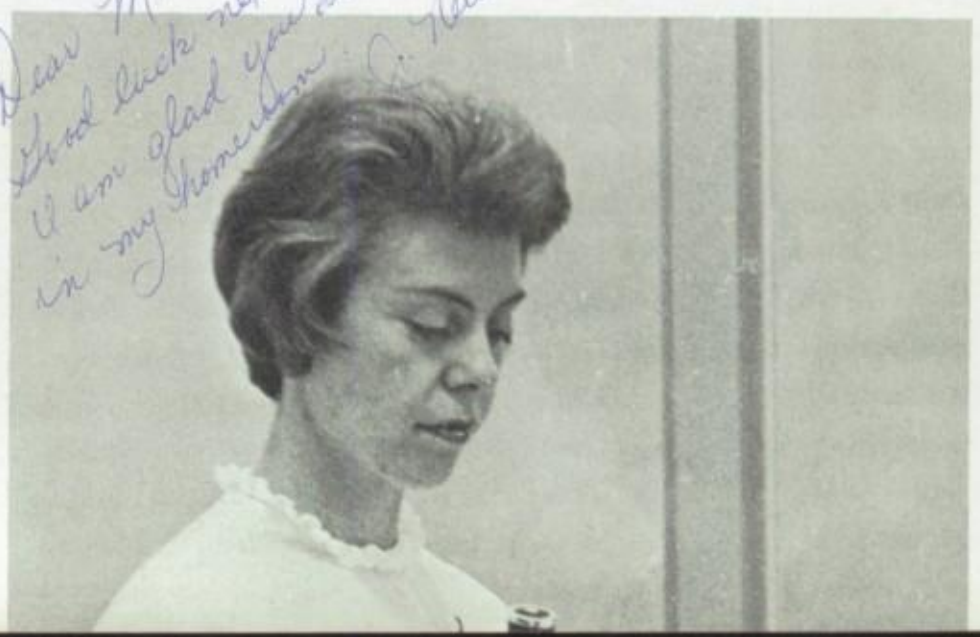
# OUR TYPE OF BUSY - NESS

In charge of the group that managed the student store that brought us candy bars and paper was Mr. John Fisher, distributive ed. teacher.

Mrs. Catherine Pitts stood poised before her bookkeeping class.

Mr. Dallas Chestnut sternly drilled his typing class on the essentials of wrestling. He also advised Lettermen's Club and business law.

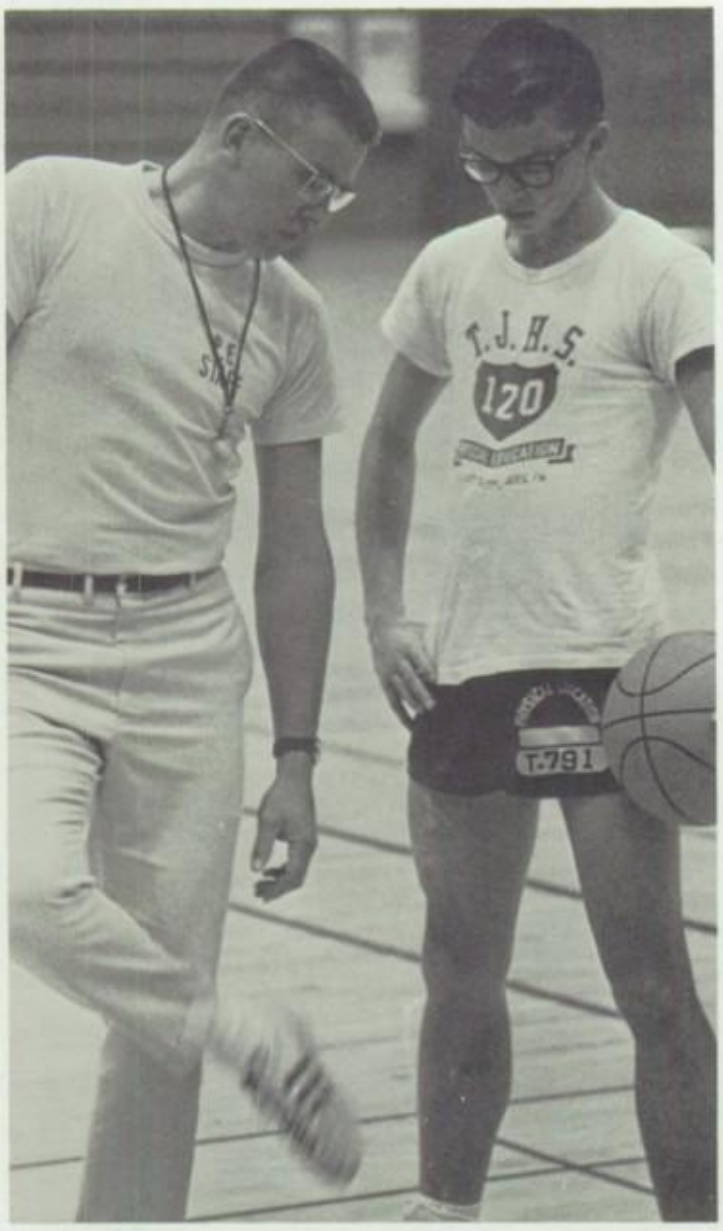
Long on letter-taking shortcuts was Mrs. Joan Nelson, the shorthand teacher.



Besides teaching girls' p.e., Miss Joanne Peterson took on other responsibilities in her first year, such as being the cheerleaders' and G.A.A.'s advisor.

"I can so fit behind the wheel," said Mr. chuck Gearhart, our Emperor, teaching drivers' ed. in spare time.

# THINGS SEEM TO BE SHAPING UP!



"This is a shoe." Mr. Ed Aho gave his p.e. classes an extra kick.

Mr. Bruce Mcqueen found out that health was not as easy as it sounded.

Mrs. Sandra Giste, as enthusiastic about kids as ever, taught girls' p.e.

**RIGHT,** Mr. Bruce Anderson added a spark to his shop classes, and his students saw the light.

**BELOW,** recouperating from his shocking electricity unit was Mr. Ron Coleman.

Robin and Larry spent many hours with Miss Cathey McPhaden planning the annual. Miss McPhaden also taught photography and art classes.

Shop and drivers' ed. classes were instructed by Mr. Ray Wickre, shown here giving Steve Small individual instruction.

# ERASING TO THE FINISH LINE

Mr. Ken Malecki seriously considered a student's art work in one of his basic art classes.

Mrs. Ramona Eckhart taught Spanish classes.

The unquestioned French expert, Mr. John Metcalf made up the French department.

Mr. Glen Wilsey reacted to a classroom joke in Spanish class.

Mrs. Melody Williams lead her German class through drills.

Working in the early hours of the morning was Mr. Roland Schanzenbach, orchestra and band director.

The guitar and music teacher, Mrs. Betty Moorehead, formed her own musical group.

Mr. Don Barrows, choir director, stretched a note in girl's glee.

# FIGURING SHAPES?

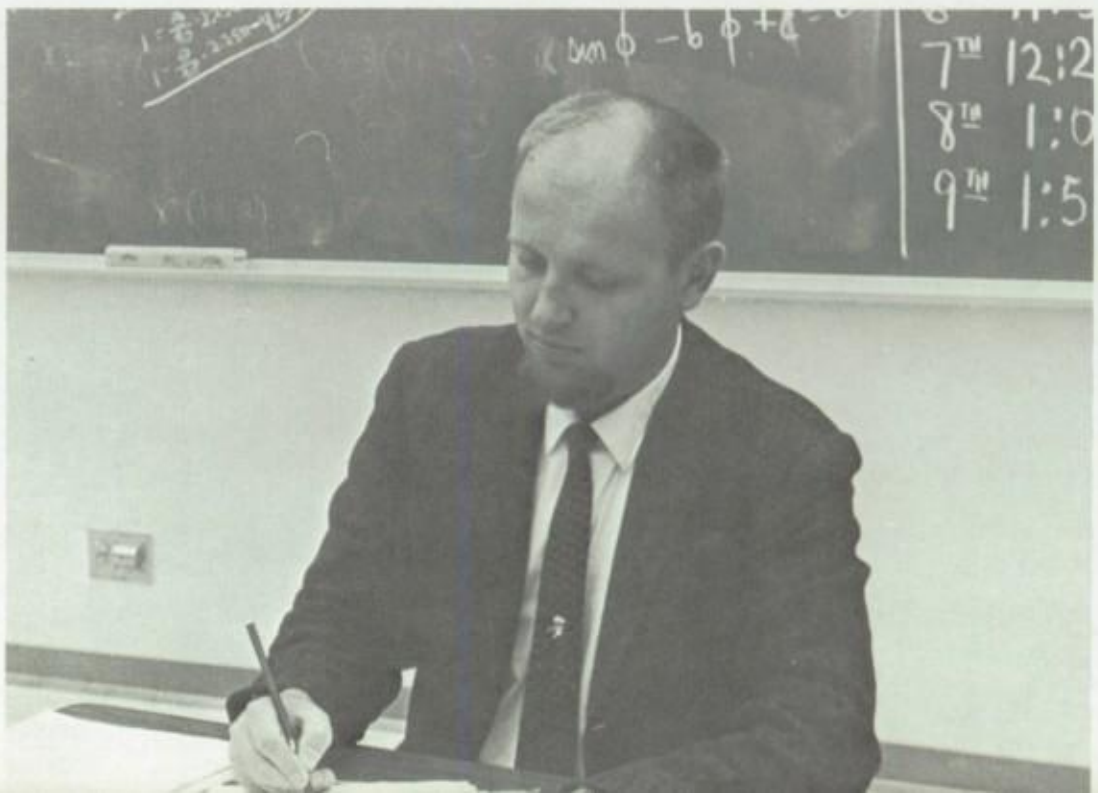
Teaching aerospace at Jefferson preceded a flight to Federal Way for Mr. John Hodson.

New to the math department was Mrs. Kathy Tullock, teaching geometry and algebra.

Trigonometry and geometry were taught by Mr. Jim Gard.

Using the four minute break for correcting math analysis papers was Mr. Gary Nestegard.

Considering having her picture taken a worthwhile interruption, Mrs. Lilian Milholland paused from her algebra class.



Mr. Clyde Lewis taught a combination of math and science with the theory that "even a chimp could do it."

Teaching biology classes and promoting Frog Day kept Mrs. Barbara Knutson jumping.

Miss Virginia Vajdos gave a student individual help in one of her biology classes.

Mr. Roger Records added a personal touch to ease the tension of taking chemistry, by being an avid "Snoopy" fan.

Mr. Robert Arnold blazed his own trail between the history and science departments.

A peaceful demonstration on the "Wonderful World of Biology" was conducted by Mr. Sam Mitchell.

Mrs. Vauna Cromwell smiled as she led her family relations class in the family livingroom. Her smile continued through advising Girls' Club.

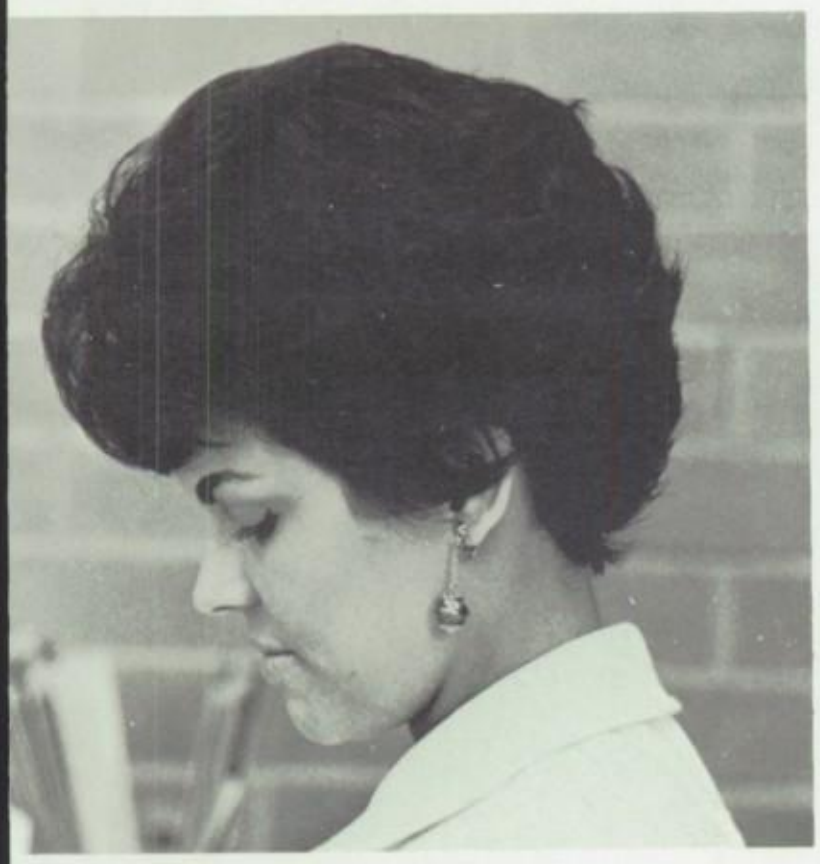
The eighty minute period allowed for individual help in Mrs. Stratman's cooking and sewing classes.

Mrs. Lucile Thompson, the school nurse, kept busy in the infirmary and speaking to health and biology classes.

# EFFICIENCY WITH AN ADDED TOUCH OF BEAUTY . . .

Mrs. Kinch, a superior typist always greeted everone with a smile.

In charge of Jefferson's treasures was Mrs. Carolyn Nelson.

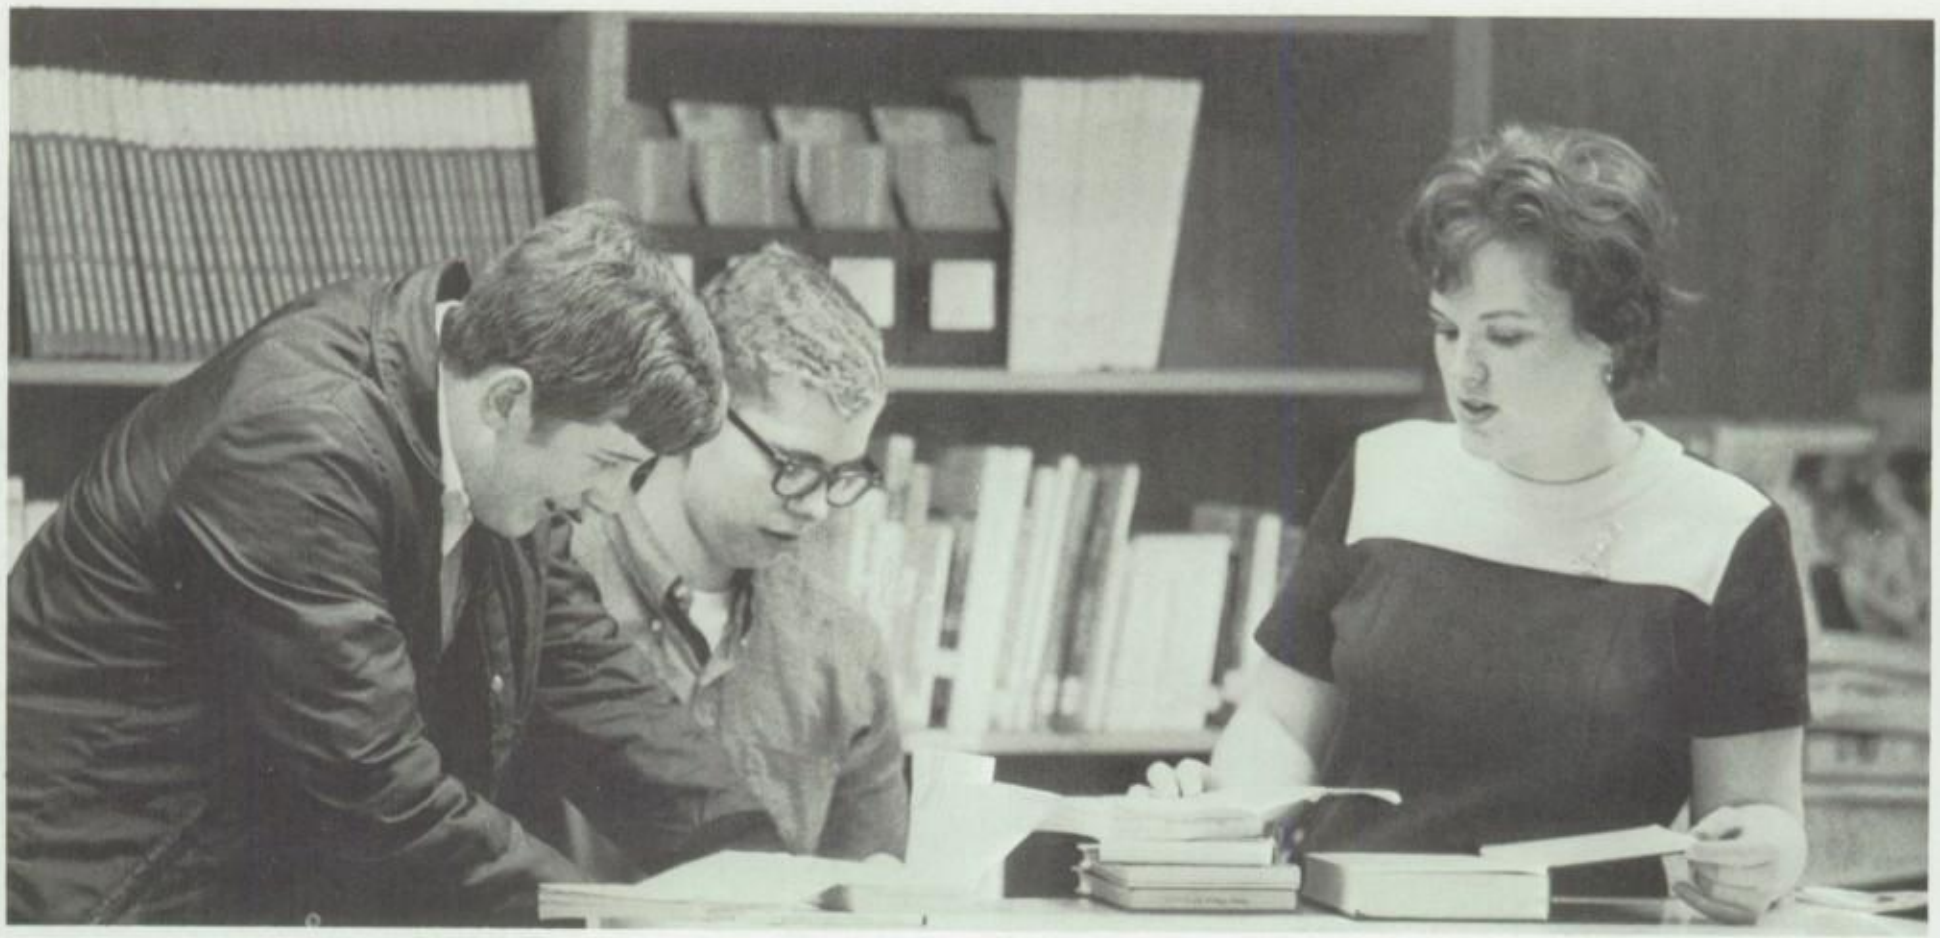


Mrs. Donna Gard aided Mrs. Renshaw in the attendance office. She was always understanding when a student wanted a pass.

Mrs. Vada Brown's hard work in the main office was missed after she moved in Dec.

Whenever there was a phone to be answered the efficient Mrs. Norma Brown was always there.

"The one who is always smiling." Mrs. Doris Renshaw was always willing and ready to help the students with a smile on her face.



Miss Marcia Wiese was helpful to both students and faculty members who used the library.

The pre-vocational department ran smoothly thanks to Mr. Herb Jones, the chairman. He taught math, english and social studies.

Mr. Gale Meeds was a very versatile person, he taught English social studies and math and he knew how to make the subjects interesting.

Mrs. Karen Jaffe was the epitome of well organized person. She taught reading.

Mrs. Elaine Morrell, the head librarian, worked diligently to maintain an atmosphere condusive to learning.

Mr. Larry Danielson's shop classes might not have been quiet, but they were very busy. All of his students got a bang out of it.

Tantalizing aromas wafted from Mrs. Lawa Mitsulus's home economics class room.

There was always a cheerful spirit in Miss Carol Howes Art classes. Here she displays a student's paper mache Poo bear on her shoulder.

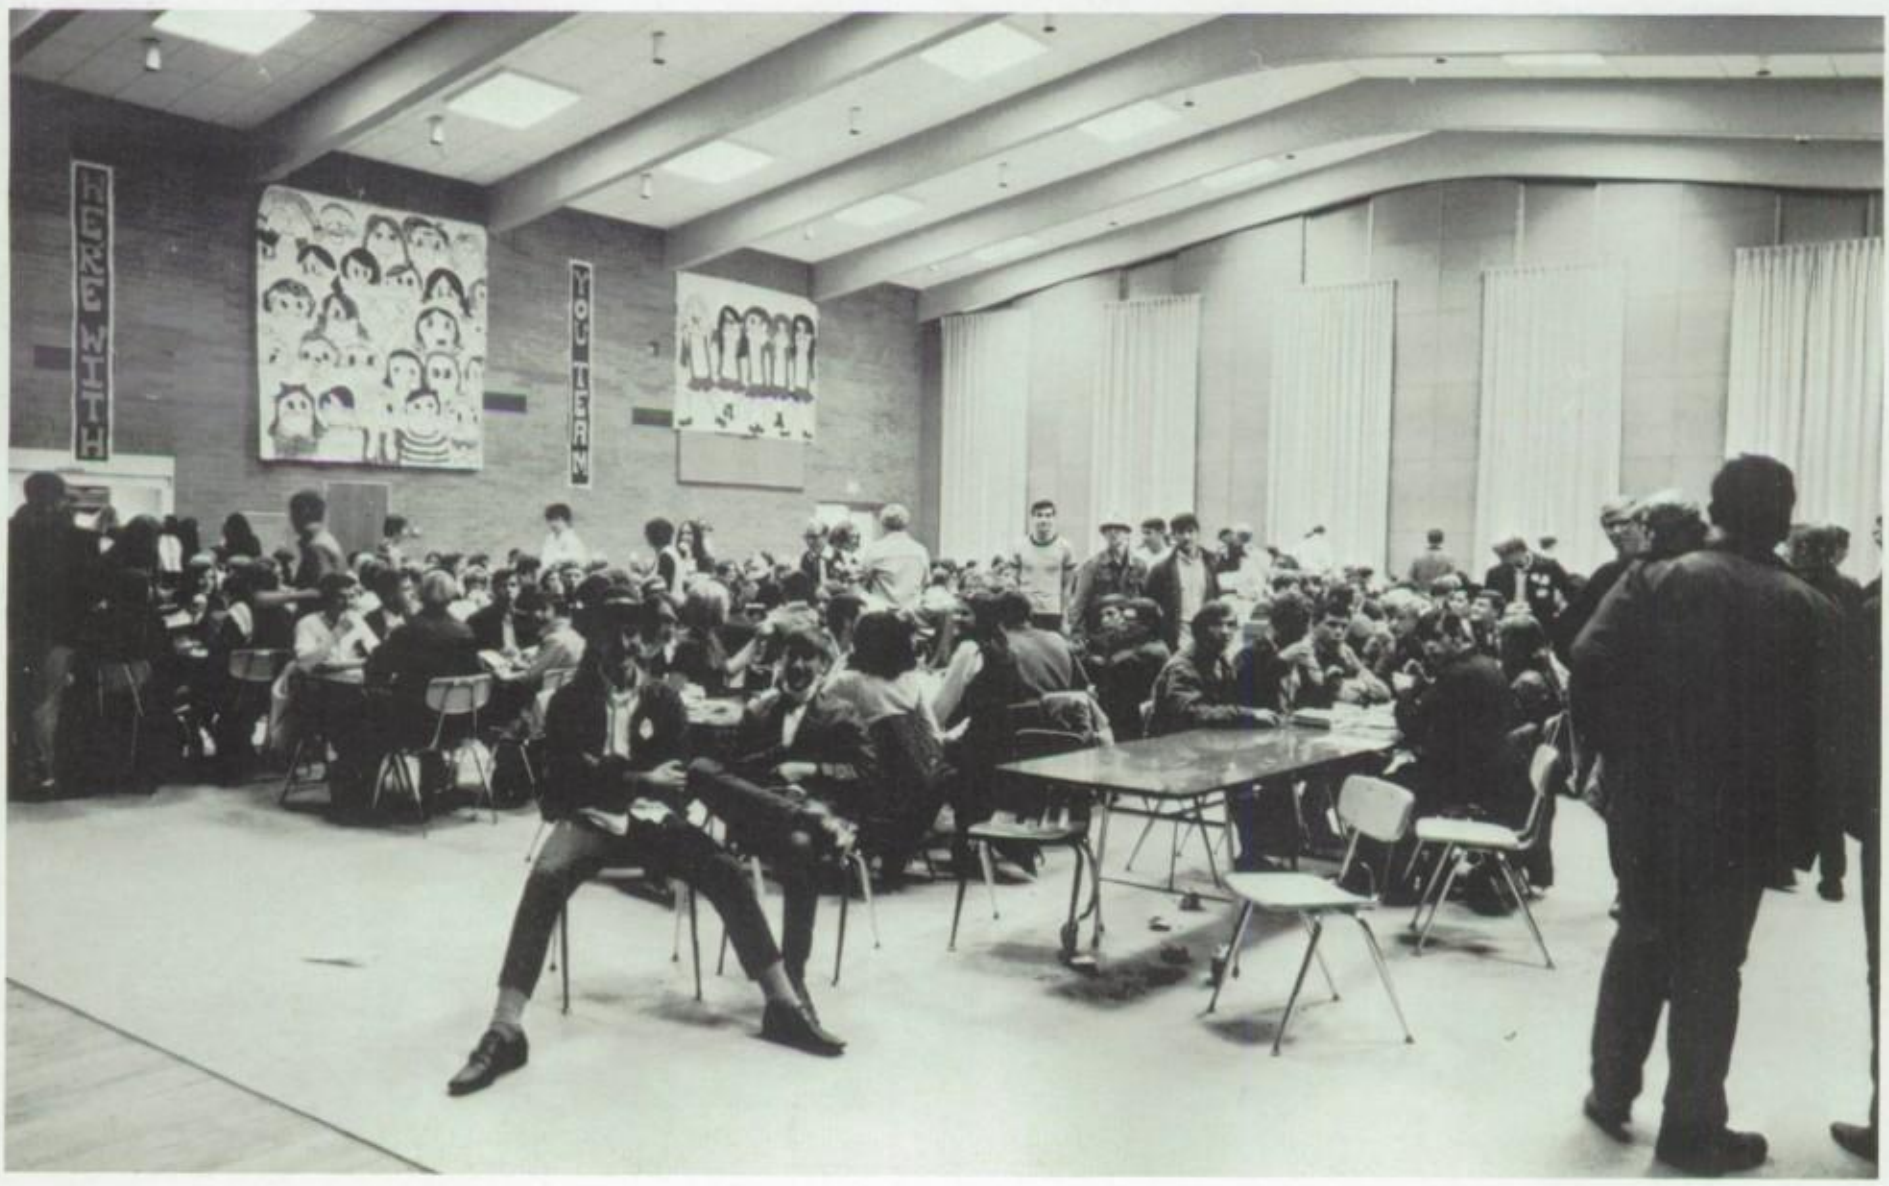
Mike -

Hope I see ya alot next year. It's been real fun in Biology this year. Good ~~or~~ bye and good luck for always.

"72" Larry Griffith



Spirt, Spirt, Spirt, Spirit!
It is not a put-on.
It is real!
It is the raindrops bouncing.
off the track, the wind blowing,
three friends, a senior
searching the horizon for
answers
not there
answers he must face the world to find-
true spirit!
A competition yell
We won, people laughing, or one boy
walking, a teacher smiling as he passes
It is the cafeteria at five,
a skit in the gym, football
beneath the haze of lights,
It is the parking lot that is
always full, a section of people
cheering, the relief when your term
paper is in, running from first to
second period,
a rooter bus enroute
home from a victory or a defeat
The Raiders that got first in the league,
a maze of umbrellas
walking between classes, our advisors,
the Victory Bell,
the spirit stick,
our school emblem,
willingness, that comes
without second thought,
Senior Pep Week,
We're Number One!
Counselors, teachers, administration,
students
misunderstandings,
accusations,
discussions,
corrections,
understanding
out communication,
inspiration, graduation
the aim that educated—

The spirit of '70

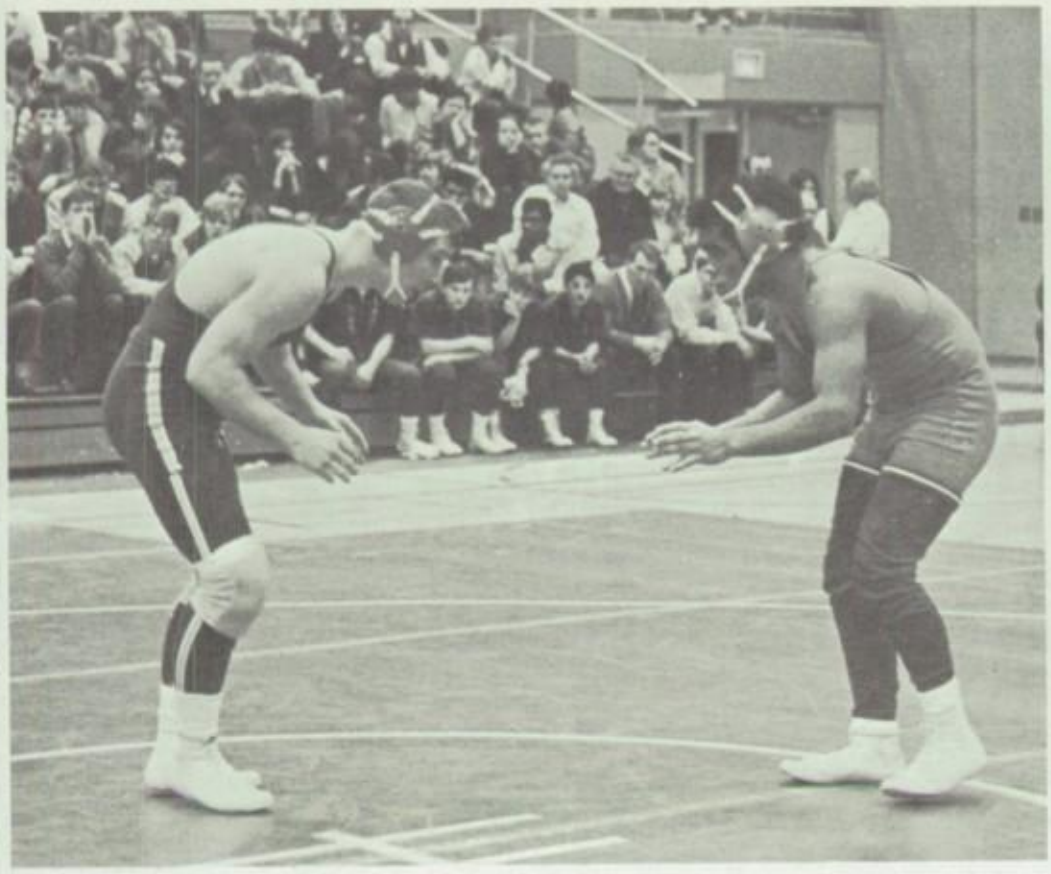
John Pearson
Rick Angove

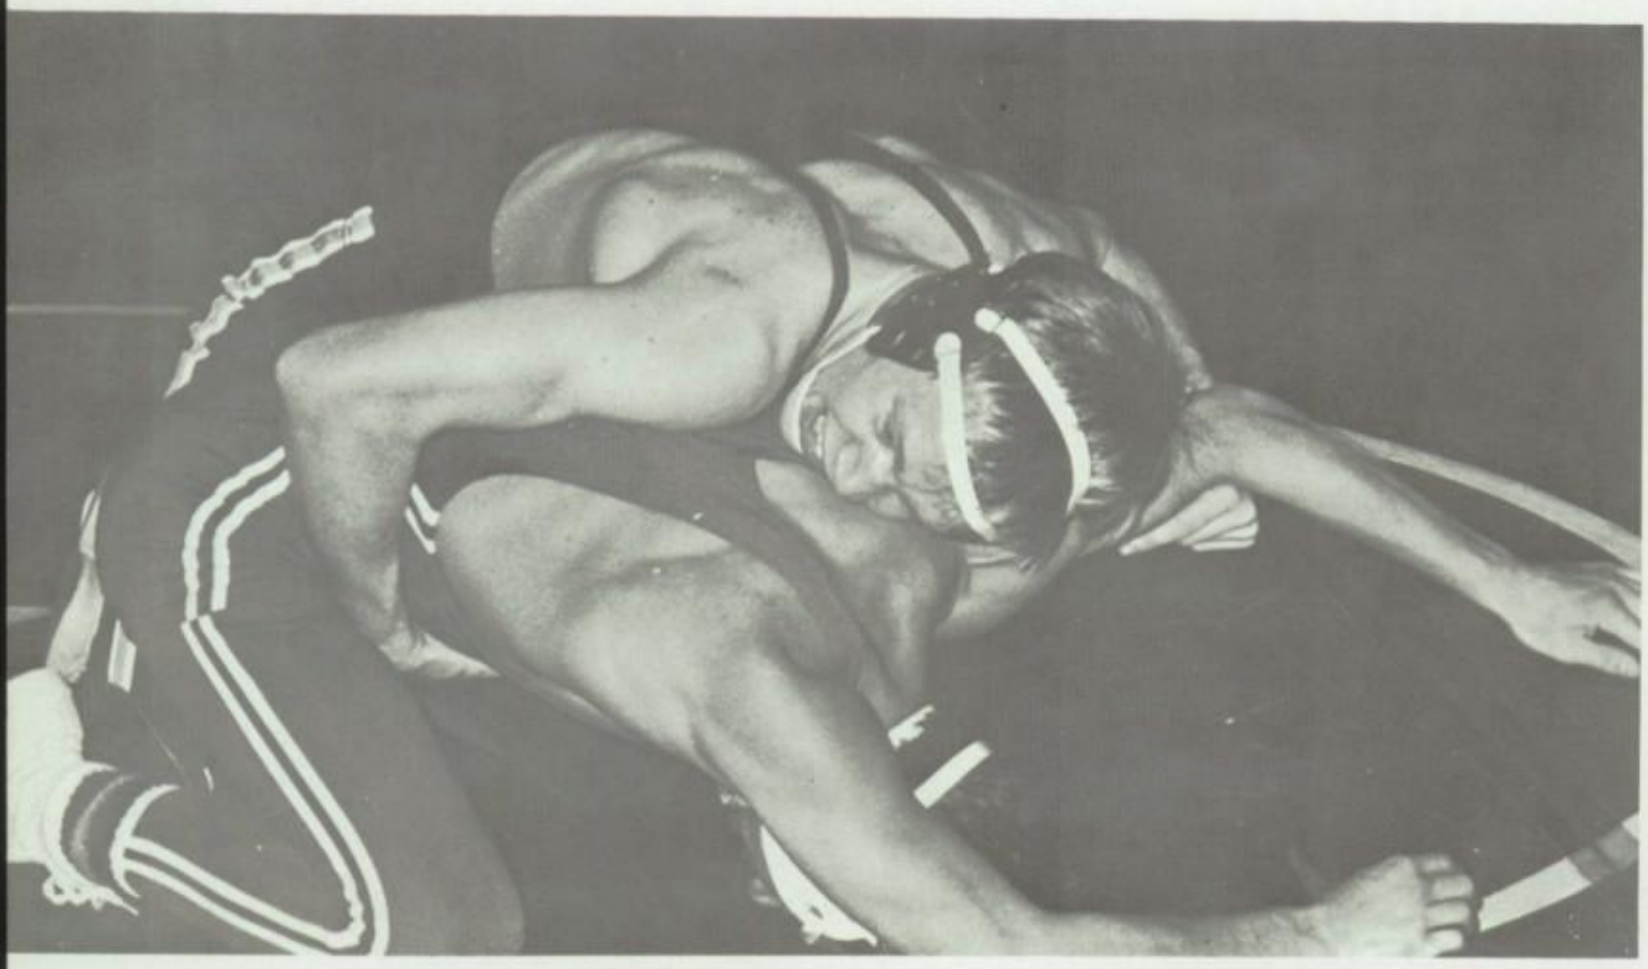


Pat Sencenbaugh 175 lb. weight class had an impressive season record of 11-1-0 and 58 points. Here he shot in for his victory against Lakes.

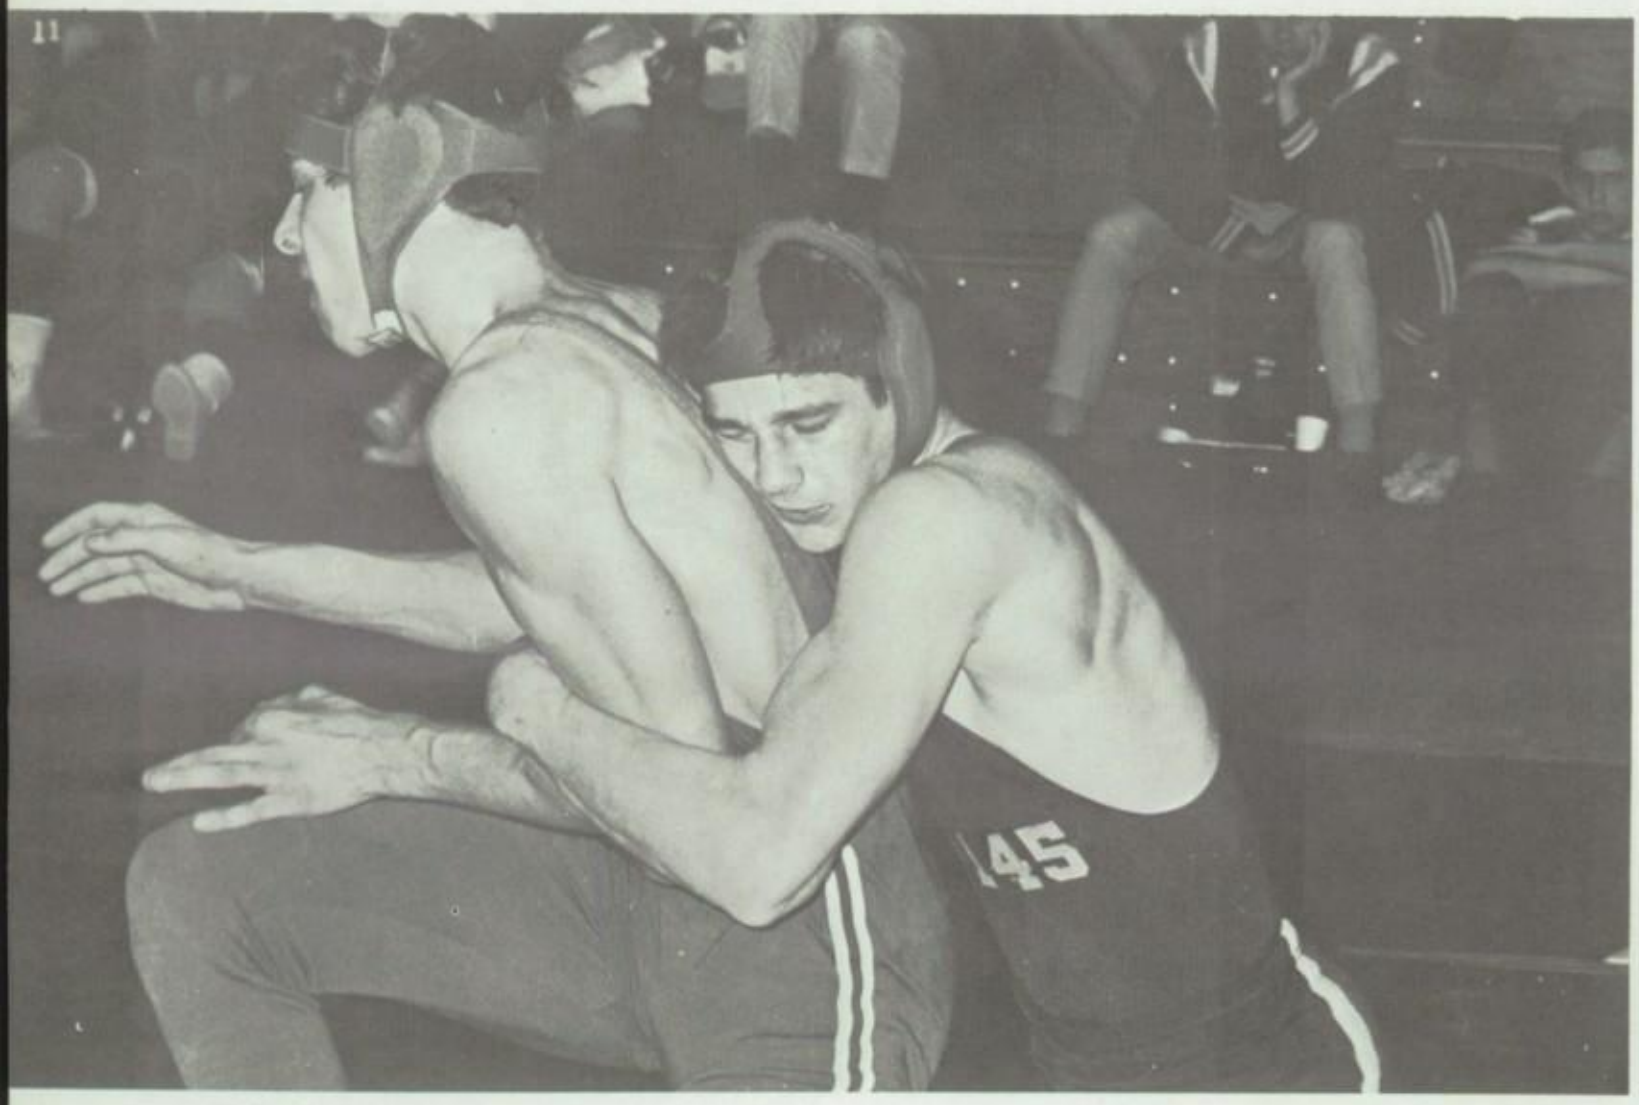
Rick Angove had a season record of 9-2-0. His desire was shown in his championship bout against Bastrom of Auburn.

The ever-increasing number of students and enthusiastic voices from the stands instilled desire and inspiration in our wrestlers on the mat.

Sure to be one of next year's most promising wrestlers, Stan Halverson, 112 lbs., pins his man at Washington.

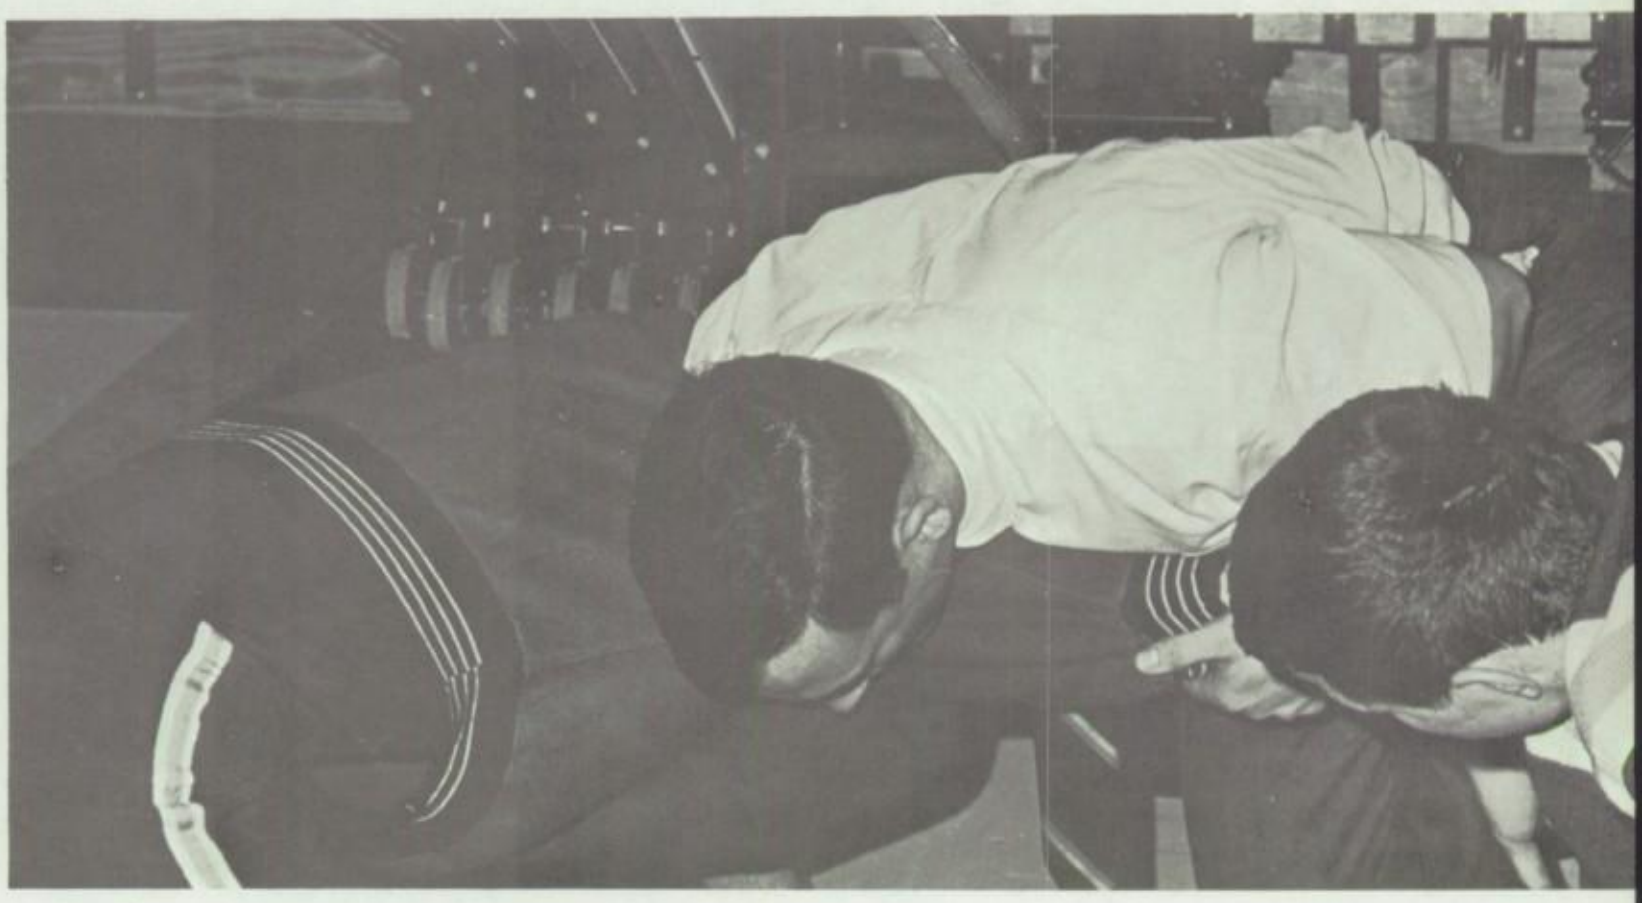


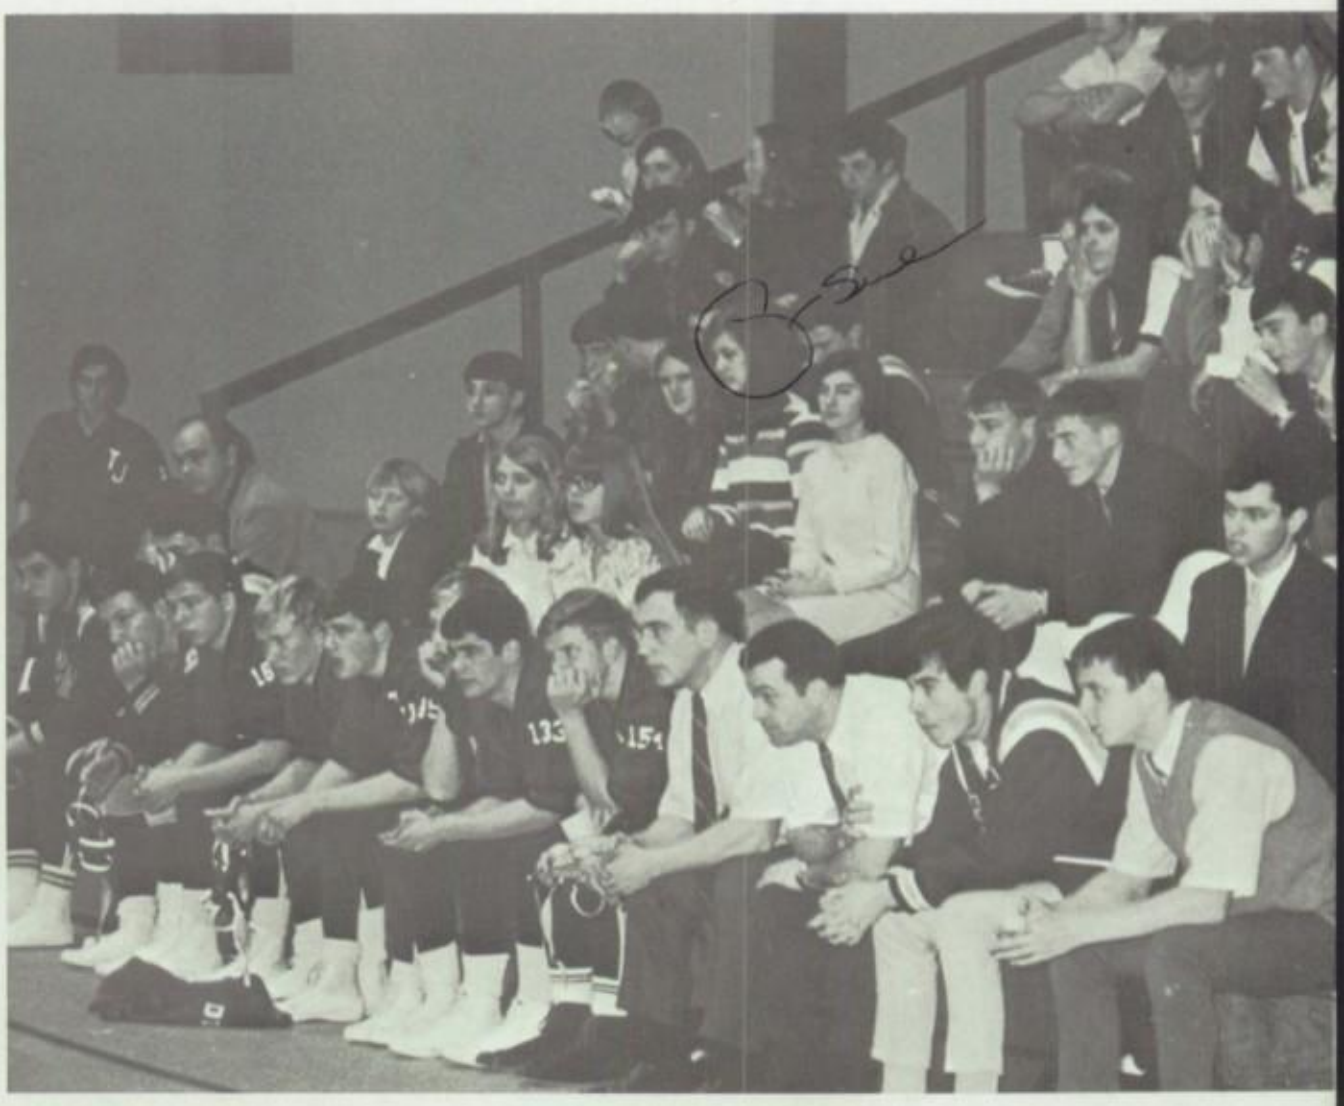
# MUSCLE, STAMINA, AND DETERMINATION



Brett Newbold, 127 lbs., drove hard all season on each of his opponents just as he did against Washington to bring him fourth highest points and a season record of 5-3-2.

Steve Small worked hard all season at both 138 lbs. and 145 lbs., as is shown in his efforts to control his opponent at Washington.





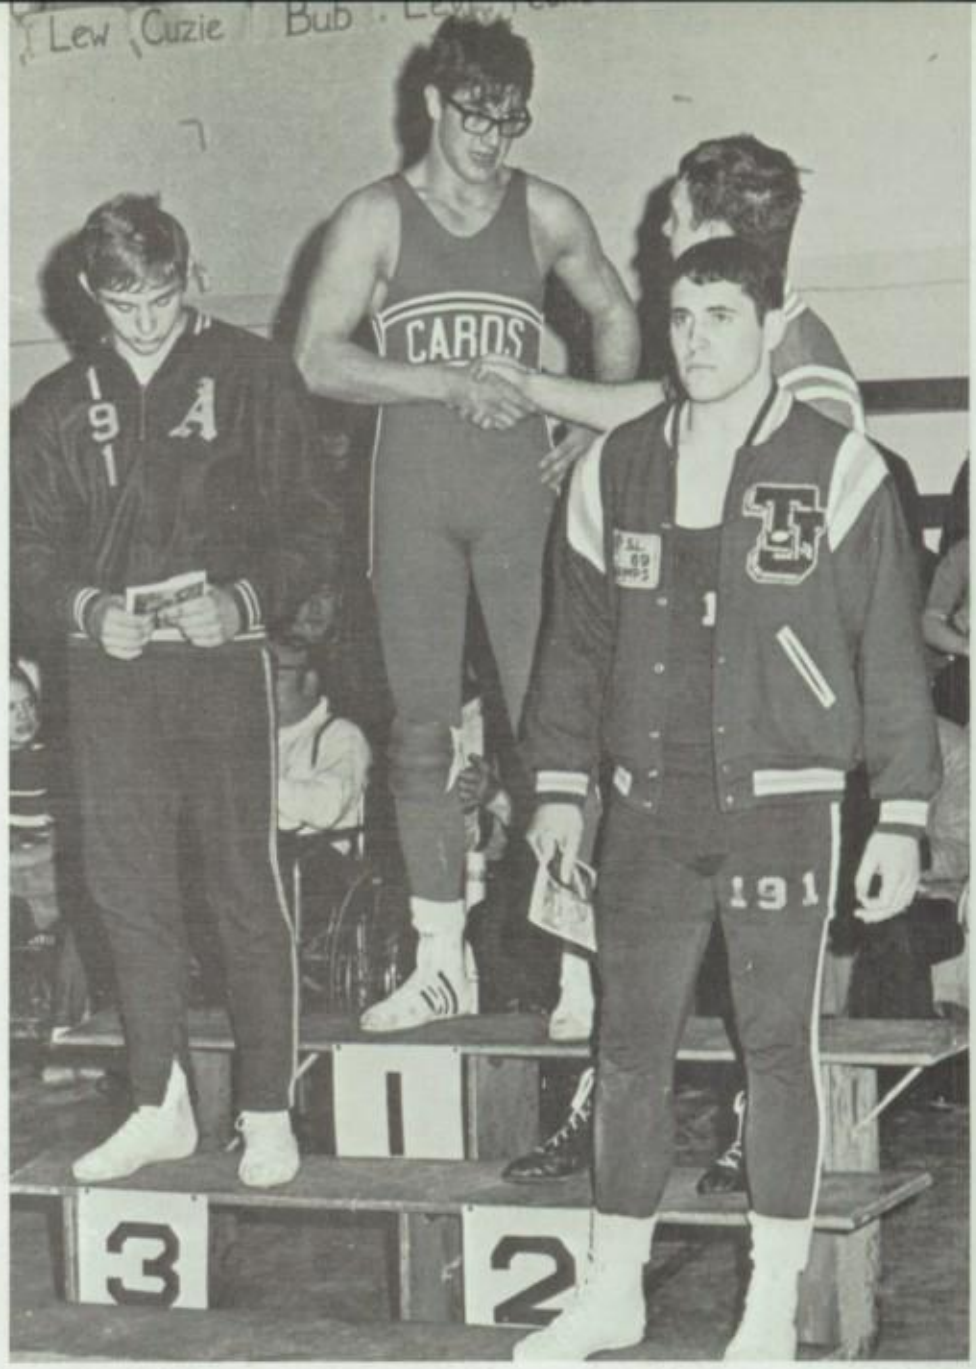
The lines on their foreheads and strength in their backs came from wisdom, perseverance, and long hours of hard practice to build that special pride among their wrestlers; all of which required the stamina that only our coaches Duane Hammil and Dallas Chestnut could muster.

It's the first move that counts and Dave laBounty with a season record of 3-2-0 at 154 lbs. and 2-2-1 at 165 lbs. moved out for his tie against his Washinton opponent.

Our last meet of the season begain at Washington as the team and coaches gave support and encouragement to Mike Dale, 106 lbs.

# ANGOVE, SENCENBAUGH, PEARSON AND NEWBOLD PLACED AT SUB-DISTRICT

Of our nine varsity wrestlers that attended the sub-district tournament, Mike Dale 106 lbs., Stan Halverson 112 lbs., Brett Newbold, 127 lbs.; Jerry McKay 138 lbs., Rick Angove 154 lbs.; Bill Hammon 165; Pat Sencenbaugh, 175; John Pearson 191 lbs.; and Don Hall unl; four of them placed to attend the district tournament. Brett took 4th place to Waddell of Washington, Rick took the championship against Bastrom of Auburn, Pat, took 2nd place to Holmon of Franklin Pierce, and John took 4th to Payne of Auburn.



# PAT, JOHN AND RICK WENT TO STATE

In his winning match against Puyallup John Pearson, holding the highest number of individual season points and a record of 11-0-0, strained to assume take-down position.

The mental preparation before a wrestler goes on the mat is so vital to the course at their bout, and our wrestlers gave it their utmost concentration.

A step towards better inter-racial understanding took place as Franklin High School students put on the African Culture Assembly.

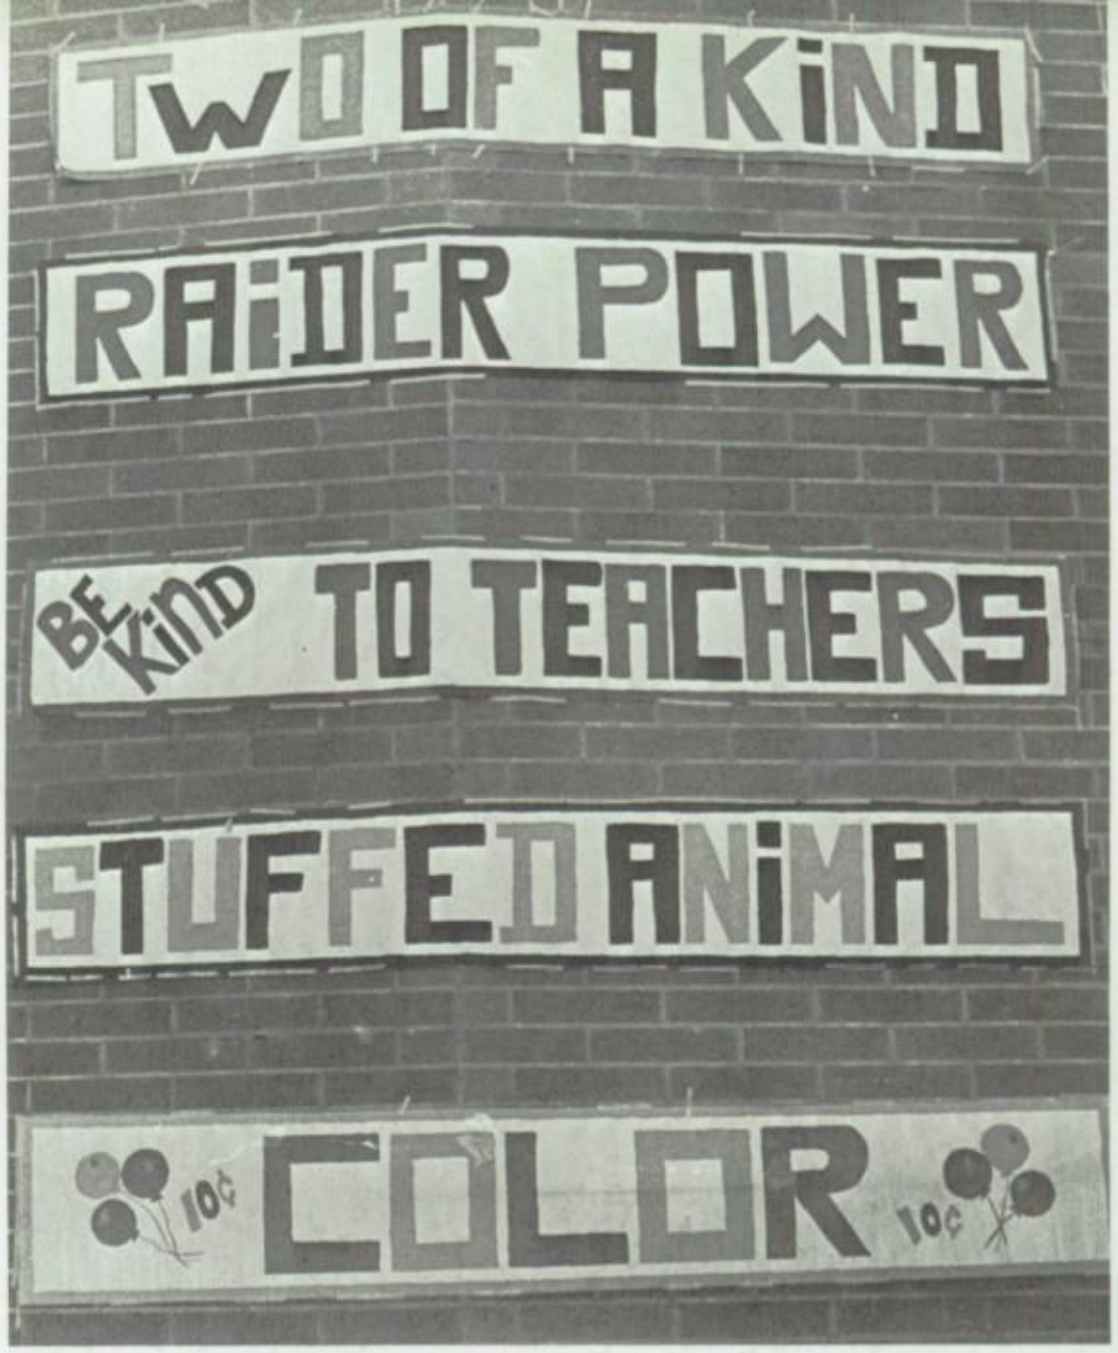
In the performance, they shared their native culture in basic rhythms and dances.

Juniors patiently awaited their turn, as sophomores tried out their class yell.

**ABOVE,** Seniors looked down upon J.V. cheerleader tryouts. **BELOW,** The cheerleaders handed out pineapples and first place ribbons to the football squad.

# Something Different

**ABOVE,** Kay Farrell and Bruce Roinson posed for a picture. Kay and Bruce were chosen Mr. and Mrs. Pep.



**BELOW** the animals took time out from their hectic day of school for an enjoyable (?) lunch.

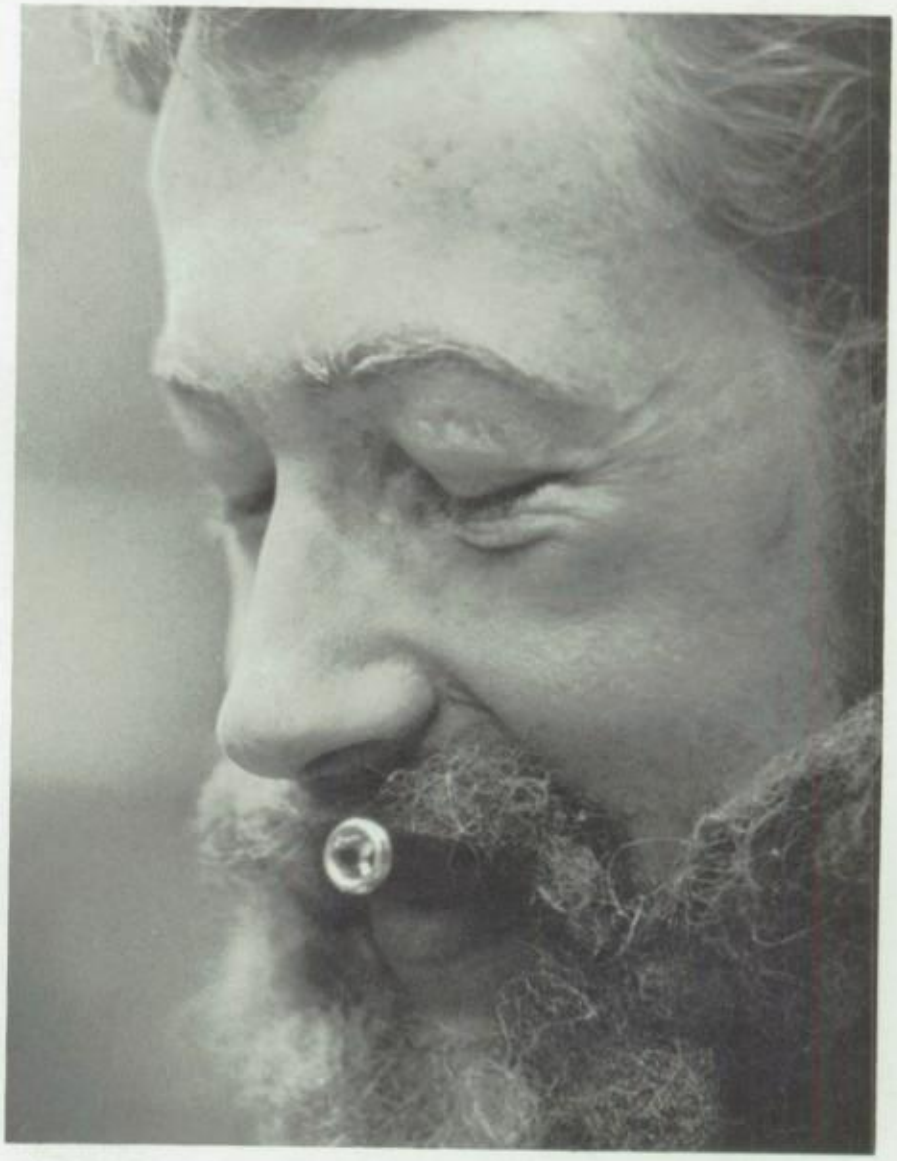
From the top of the Cafeteria ceiling hung a huge Red and Gold "71"

Paulette Bodeutsch and Bruce Robinson, "Mr. Pep". "Doing their thing?"

Below. Wanda Moore's monkey helped her with her bookkeeping.

# "THE MAN WHO CAME TO DINNER"

"I love you madly - madly! Kiss me. Again. I can feel the hot blood pounding through your vericose veins!" said Ray Johnson.



**ABOVE,** cynical Sheridan Whiteside, as portrayed by Greg Rolette. **BELOW,** "I'm afraid you're done for, Mr. Whiteside," said Vick Pettigrew. "My brother is a camera fiend."

**ABOVE,** John Kessler, as Beverly Carlton, schemed with Maggie to get rid of the venomous Lorraine Sheldon. **BELOW,** Cosette Zohn and Margorie Bushnell bore gifts to Whiteside, only to be insulted.

Gary Forbis and Wayne Elliot prepared for the T.V. broadcast.

Ted Boyle found time for Cathy Clay and Mary Johns while rehearsing the play.

"I have to do my Yogi exercises," said Whiteside.

Cathy Clay portrayed beautiful Lorraine Sheldon

"Behold, Sherry! Roach City! There are 10,000 cockroaches!" said Vahe.

"Oh my poor Sherry!" cried Mary Johns when Whiteside fell for the second time.

"A phone bill for $784.00!" shouted Jim Campton.

# THE SHADOWS OF SUCCESS

"You have got to make the audience believe there are real penguins in there," advised Mr. Meshke.

"I am sueing you for one hundred fifty thousand dollars," said Whiteside to Mr. and Mrs. Stanley.

"I saw this holly, framed green against the pine trees," said Laura Yearwood who portrayed Harriet Stanley.

"A penguin bit me!" shrieked the nurse, Pam Cochrane, gripping her wounded posterior.

A distastrous ending to a beautiful scheme...Greg Rolette looked on with delight as Cathy Clay, crushed by the discovery that her marriage was again foiled, phoned her maid to cancel her plane reservations for the flight to England.

Pride in success was displayed by these smiling faces perched on the pinacle of perfection following the production of the all-school play, "The Man Who Came To Dinner." The members of the production staff were: Chris Britt, sales; Bob Sutherland, staging; Sherri Alberts, props; King Cole, props; Wayne Elliott, staging; Lyssa Dick, make-up; Cindy Carroll, props; Don Amburn, lighting; Cosette Zohn, company manager; Nikki Satterthwait, sound; Nancy Lupinski, props; Fay Wisenhunt, costumes; Marjorie Bushnell, props; Vahe Mahserejian, sound.

# INTENSITY--
# IT'S GOT TO MOVE

In preparation for a mental attitude before performance at the District Chorale Festival, were the choirs fromFederal Way School District. The Festival, featuring the best choirs in the state, was held at Federal Way High School before a large audience.

WHAT MAKES A GOOD CHOIR?

To many people, it is the depth of a musical experience, the love, the closeness, the deep emotion, the friendship, the excitement, the leadership, and the true devotion. But, of course, there is the discipline, the frustrating moments, those long hours of practice, and finally--those warm tears that come with the feeling that any moment something most beautiful might be created.

As one gathers these things together with a marvelous director, one finally attains that precious harmony in voice and spirit.

Then the most glorious of all, the near reverant feeling on each individual's part, of a "hushed," still, expectant audience.

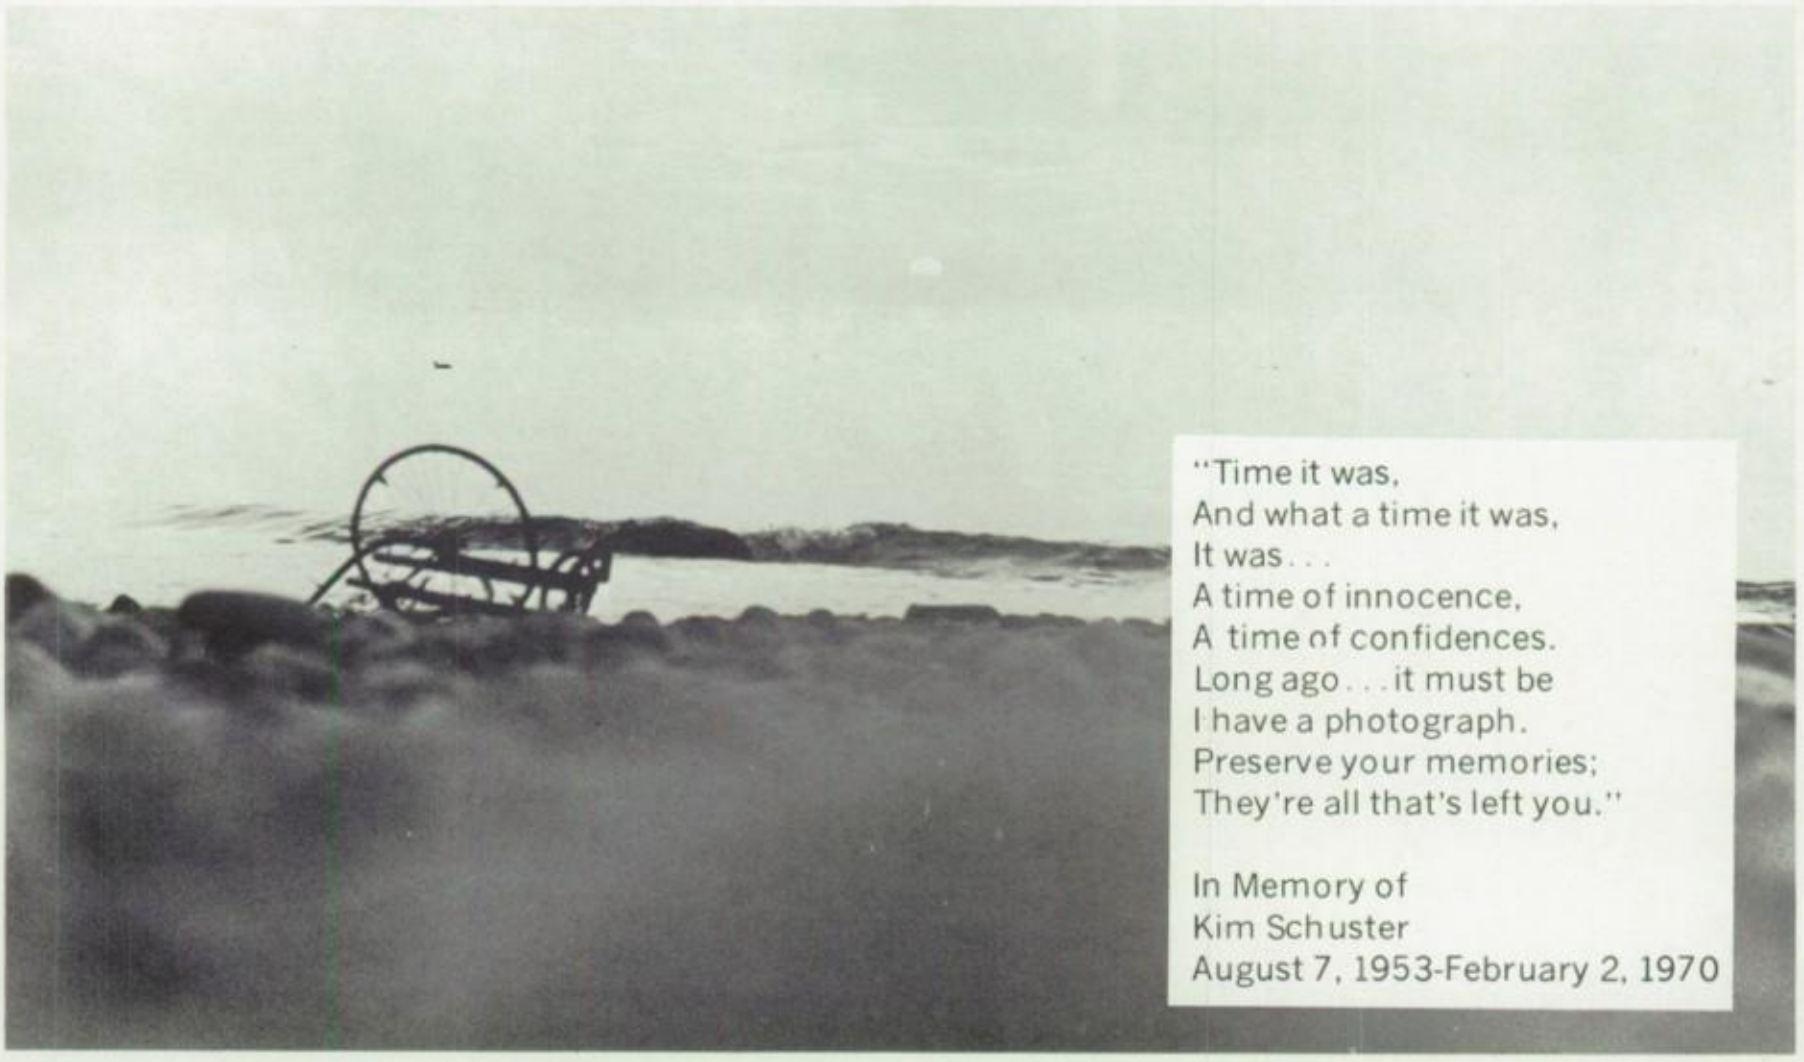
Mike,
I sure am glad you've been coming to Bethel. Whether you'll agree or not, it really is good for you—I hope you'll think seriously on it. Camp Casey was a blast—don't you think. In fact, I think you had a great time (chuckle)!! Be good Mike! & I would mind seeing you at 7:30 every Wednesday!!
Abd bless,
Maggie



"Time it was,
And what a time it was,
It was . . .
A time of innocence,
A time of confidences.
Long ago . . . it must be
I have a photograph.
Preserve your memories;
They're all that's left you."

Run
as breathless
waves gasp
toward the
Beach
To
tomorrow's World:
far beyond
today's
reach.

Mike,
... and on
the other side
is the strongest blue-
green ocean, telling
its secrets in each
silent wave, holding a
lifetime of answers to a longing
heart ... It seems that is the
only way I can say what I mean
right now. I always have lots of those
questions but none of those answers. I try
to find my answers by looking; searching,
hoping for the right moment; the right answer.
Mike - you will find your answers, too. But only time
will tell - each wave has to take its turn in coming
so please let things come on there own. Understanding
is hard for both of us; but I do keep on trying. honest I do.
I do love Terry - and I do intend to be careful. I want
to be as hopeful as I can but I'm AFRAID to hope - afraid to be
let down again - but in the past year I have learned a
few things about people, about Jerry, and about you. Maybe I
have even learned a little more about you and maybe even a
little more about myself. I hope for the sake of all - better
future I see it, I still am not sure of what I see. For that
things look it will not be too easy for you the way that
an even better to you now. I see someone that has
he thinks; The future to look forward to than
new day with beach always changes and a
of all - life each wave from the strongest
but I Philosophy isn't really my bag
I do spose it looks like I try.
I mean everything - Promise
I pray that the Lord
will guide us all
the right way.
Love -

Tag Mike!
I think this year was kind of a bad year in German for both of us. Now I'll get mushy. Ha.
You really are a really neat guy. Thanks for being that way. If you go to Five Mile Lake this summer then I'll probably see you. Don't do anything I wouldn't do this summer. For some stupid reason I took German next year so maybe we can be in the same class. Be good, you have a neat way of generating freindlyness. Don't forget God loves you!

You're the laziest kid I've ever met! But I still like you. I think you'll be a good German student. But, I may be wrong. A biologist you're not, but I like your personality. You're a good kid Mike, don't let anyone tell you different. I hope to see you next year. I probably will in German. Have a good, fun, exciting, lazy summer, and don't be good. (You can't have any fun that way!)
